The background features a blue gradient with several large, faint circular patterns. Inside these circles, there are strings of MICR (Magnetic Ink Character Recognition) numbers, which are a series of numbers and special characters used for document processing. The numbers are arranged in a circular path, following the curve of the circles. The overall aesthetic is technical and digital.

# Miscellaneous Teller Forms

The image shows three overlapping forms for currency and coin transfers. The top form is the DEBIT (Cash In) part, the middle is the CREDIT (Cash Out) part, and the bottom is the TELLERS COPY part. Each form has a header with 'TELLERS TRANSFER OF CURRENCY AND COIN', a date field, 'FROM' and 'TO' fields, and a table for recording denominations and amounts. The denominations listed are HUNDREDS, FIFTIES, TWENTIES, TENS, FIVES, TWOS, ONES, SILVER DOLLARS, HALVES, QUARTERS, DIMES, NICKELS, and PENNIES. Each form also includes a MICR line at the bottom.

Helps tellers transfer currency and coins easier and more accurately.
